

On behalf of The Long Ridge School I invite you to please consider supporting our Annual Auction & Benefit on Friday, May 3, 2019 by donating an item for our Silent or Live auction.

Your donation will make a difference! Through tax-deductible donation of goods and services, your business can help close the gap between the school's operating expenses and tuition revenue, thereby allowing our students to begin their path to becoming successful and engaged members of our community. Your corporate and private donations help our students discover and develop their talents and fulfill their best potentials. The Long Ridge School is very grateful for our many donors who generously give to support the school's important programs. All donors receive an acknowledgement in the Auction catalog and program.

The Long Ridge School is an independent, coeducational day school enrolling 150 students from two years old through grade five. At the Long Ridge School children develop the skills, motivation, and values, which allow them to become successful students, responsible people and lifelong learners. Money generated from the Annual Auction is used towards covering current year operating expenses, classroom special needs and scholarships. Last year, thanks to the generosity of 200 area businesses, the school raised over \$100,000.

If you're interested in participating, please fill out the Auction Donation. Thank you for your consideration to donate.

Kind Regards,
